

THE MAGNUM™ STORY: THE POWER YOU WANT. THE COSTS YOU DON'T. THE END.

It's official - independent tests have confirmed the new series Magnum tractors give you more horsepower using less fuel*. Five brand new models ranging from 273 to 389 maximum engine horsepower are part of Case IH's most efficient line up of tractors ever developed.

We call it Efficient Power EP.

*Based on Magnum 340 preliminary Nebraska test November
