

FM750

- 8 inch colour touch screen
- LED Light-bar
- View up to two cameras
- Auto Section Control
- Output GPS to other controllers

Sub Metre/VBS (30cm)	\$ 4,400.00
HP (10cm)	\$ 7,205.00
RTK (2.5cm)	\$ 9,900.00 while stocks last (RRP \$ 12,815.00)

Add Case IH EZ Pilot for \$ 6,215.00

Do you already have auto-steer, yield monitor or an auto section controller and want to upgrade to RTK?

The Case IH AFS FM750 can output an RTK corrected signal to just about any existing controller.

Why use the FM750 as an RTK receiver?

- Cheapest option for RTK
- User friendly
- easily portable
- use as backup guidance
- cheap auto-steer options
- world wide dealer backup
